# How to Submit a Continuing Review

# Who can submit continuing reviews?

- Only the PI and PI proxies
  - Any approved team member may create and edit continuing reviews in pre-submission state but **cannot submit**.
  - Study team members, other than the PI, must be assigned as proxies to submit.

- When you log into the system, you will be brought to your inbox. Select the **IRB** tab to find your study.

[Go to forms menu](#) [Print](#) [Help](#)

### Continuing Review / Study Closure Information

- \* Specify enrollment totals at this investigator's sites:** ?
- \* Specify enrollment totals at this investigator's sites since last approval:**
- \* Specify enrollment totals study-wide:** ?
- Research milestones:** (select all that apply) ?
  - ☒ Study is permanently closed to enrollment OR was never open for enrollment
  - ☐ All subjects have completed all study-related interventions OR not applicable (e.g. study did not include interventions, no subjects were enrolled)
  - ☐ Collection of private identifiable information is complete OR not applicable (no subjects were enrolled)
  - ☐ Analysis of private identifiable information is complete OR not applicable (no subjects were enrolled)
  - ☐ Remaining study activities are limited to data analysis
  - ☒ Study remains active only for long-term follow-up of subjects

**i Important!** If the first four research milestones above are complete, the study will be closed to discontinue IRB oversight.

Please note: If this is not the first continuing review for the study, the values in items #1-3 should be consistent with the prior year's values.

- **Complete items #5-7.**
- **Attach the required Progress Summary document in item #7. This template can be found in the ORI website. If applicable, please also attach other documents such as DMC, SAE reports, and protocol deviation logs.**

Modification /  
Continuing Review

Continuing Review  
/ Study Closure  
Information

**5. Do any investigators or research staff have a financial interest related to the research that was not described in a previous application?** ?

☐ Yes ☒ No [Clear](#)

**6. Check the items that are true since the last IRB approval for all sites involved in the study:** (initial review or last continuing review)

- ☒ NO subjects experienced unexpected harm
- ☒ Anticipated adverse events have NOT taken place with greater frequency or severity than expected
- ☒ NO subjects withdrew from the study
- ☒ NO unanticipated problems involving risks to subjects or others
- ☒ NO complaints about the study
- ☒ NO publications in the literature relevant to risks or potential benefits
- ☒ NO interim findings
- ☒ NO multi-center trial reports
- ☒ NO data safety monitoring reports
- ☒ NO regulatory actions that could affect safety and risk assessments
- ☒ NO other relevant information regarding this study, especially information about risks
- ☒ In the opinion of the PI, the risks and potential benefits are unchanged
- ☒ All modifications to the protocol have been submitted to the IRB
- ☒ All problems that require prompt reporting to the IRB have been submitted

**7. Attach supporting documents:** (include an explanation of each item left unchecked above) ?
